Overview of the Bell Fund

Mission

To support Canadian media content makers in creating for and connecting with, audiences here and everywhere.

Since 1997 the Bell Fund has received over \$200 million in financial contributions from Bell TV to support Canadian Independent Producers in the development and production of great Canadian content. In 2001 the Bell Fund was awarded an endowment of \$10 million from Bell TV, as a result of a tangible benefits package. The revenues generated by this endowment are made available for development funding.

Background

The Bell Fund is a not-for-profit organization. It has been certified by the CRTC as an independent production fund eligible to receive and administer contributions from broadcast distribution undertakings under section 29(2) of the Broadcasting Distribution Regulations.

The Fund is governed by a nine-member Board of Directors which operates as an arm's length corporation with representatives from broadcasting, television and digital media sectors and from Bell TV. The Fund has offices in Toronto and Montreal.

General Information – Important to Read

The Board of the Bell Fund has complete discretion in the administration of Bell Fund programs including, without limitation, determination of eligibility of applicants and projects and all funding decisions. All Board decisions are final. Program guidelines may be changed at any time, provided that guidelines publicly posted at the time of a Program deadline will be the applicable guidelines for that application. Producers are encouraged to ensure that they have reviewed the most current guidelines, templates and policies available on the Bell Fund website prior to submitting their application.

Failure to Comply and Misrepresentation: Any failure to comply with the terms and conditions of the guidelines and or any misrepresentation of information in connection with an application, as determined by Bell Fund, may result in the application being deemed ineligible and repayment of any advanced funds (with interest) may be demanded. It might also affect the eligibility of future applications.

Bell Fund reserves the right to deem ineligible any application considered incomplete. Applicants should ensure they meet all eligibility requirements prior to applying. This is a highly competitive fund and requests for funding will exceed the amount of funding available.

1. Introduction

The purpose of the Short-Form Digital Series Program is to fund premium, original, digital video **series** for online distribution, specifically the production of fiction (drama, comedy, and children's and youth programming) and non-fiction (documentary and lifestyle/factual programming). Note: Animated series are not eligible.

2. Definitions

Discoverability: Putting content where audiences can find it and then letting audiences know your content exists.

Discoverability Plan: A document detailing the strategy, activities, timelines and measurement methods planned to identify and build an audience and monetize (if applicable) the series.

Please refer to the [documents](#) available at Bellfund.ca and to the Discoverability Section of these guidelines, before submitting your plan and budget.

Short-Form Digital Series: Linear video, English or French language, fiction and non-fiction, up to a maximum episode length of 20 minutes, with a minimum of 6 episodes. Sometimes referred to as "web series." See Eligible Content.

3. Application Requirements *(please read carefully)*

The following conditions must be met for an application to be considered.

For a full list of required documentation see the [Document Checklist](#).

a. Digital Platform

Pre-Approval of Digital Platform/Channel

All non-broadcaster, digital platforms must be pre-approved by Bell Fund prior to application. Producers are encouraged to seek pre-approval early in the application process. Bell Fund will review requests and provide an answer within two business days.

Refer to Bell Fund Digital Platform [Pre-Approval Form](#).

Platform/Channel Requirements

At time of application, Producer must have a license agreement or meaningful commitment letter from one of the following digital platforms. Bell Fund reserves the right to determine the acceptability of the service.

2. A digital platform that features Entertainment Programming and is accessible to Canadians (Canadian or Foreign owned).

b) Financing Commitments:

1. **10% financing** must be confirmed in writing, from a source other than Bell Fund or the Producer. While in-kind and deferred costs are not eligible as the (10%) cash contribution, these may be included in the finance structure if necessary and reasonable.

Third parties include (but are not limited to) provincial or federal agencies (*including tax credits, if eligible), other funding agencies, crowdfunding, patreon (crowdfunding and patreon financing must be in place at time of application), sponsorships, and distribution advances.

***For provincial and federal tax credits** applicant must demonstrate eligibility, provide calculations and estimate a maximum of 90%, of anticipated tax credits, in the finance structure. Federal tax credits require a Canadian distributor and streaming on a CAVCO approved digital channel. Requirements for provincial tax credits vary by province and applicant must clearly demonstrate eligibility. Note: Bell Fund's non-repayable contribution is considered assistance and will grind tax credits; ensure this is included in your calculations.

2. A **finance plan and budget** must be submitted for both the production of the series and for the discoverability activities. All financing* must be in place at time of application, minimally with signed commitment letters from each source.

***Note: Financing from other Funding/Provincial Agencies (including 10% 'third party' financing)**

You may apply to the Bell Fund with unconfirmed financing from other Canadian independent production funds/provincial agencies (such as IPF, Creative B.C. Quebecor, Telus, etc.), provided that notification is received within 90 days of the Bell Fund notification.

Details must be uploaded with your Bell Fund application including name of funder, name of funding program, amount pending, deadline date and expected date of notification.

Applicants must inform the Bell Fund of the decisions of other funders as soon as they are notified and if applicant must seek alternative financing, they must inform the Bell Fund of the plan and have the confirmed financing in place within 90 days of Bell Fund notification.

Activities should include, but are not limited to social media strategy, paid and organic digital marketing, and the implementation of structured data
